

## HIGH-PRESSURE KIT

Reference : AC 0801

**Item name** HIGH-PRESSURE KIT

**Bar code** 3700461498565

**Introduction** This kit allows to safely test the pressure of the Common Rail diesel, both in line ( in series with the engine running ) and directly from the pump (engine start). It allows very accurate tests to be carried out in association with our digital pressure tester master kit (AC0800). The hoses included in the kit will allow to measure and diagnose most Common Rail motors.

**Product highlight** Sensor 2000 bars

**Contents** Contents:  
- sensor 2000 bar (2m)  
- sensor cap for direct pump pressure,  
- 2 hoses M12x150 for the most common applications.  
- recovery tank

**Warranty period** 2 years

**Fuel type** Diesel

**Tariff code** Tariff Normal (TN)

**Warranty Procedure** EASY

2  
WARRANTY

TN
