

3/8" DOUBLE HEX INSULATED SOCKET 16mm

Reference : OE 0239

Item name 3/8" DOUBLE HEX INSULATED SOCKET 16mm

Bar code 3700461406096

Text This socket is specifically designed for use on hybrid and/or electric vehicles. In order to guarantee an optimal comfort of use, the insulation around the socket is as thin as possible while guaranteeing a good grip and a good adhesion with gloves.
The double layer of insulation in two different colors makes it possible to identify at a glance if the insulation (orange color) is damaged and therefore rendered unusable.
This socket is electrically insulated, tested to 10000 V and approved to 1000 V AC.

Warranty period lifetime

Recesses Double Hex female

Voltage 1000V

Recesses size 16mm

Tariff code Tariff Normal (TN)

Drive 3/8"
