

PREMIUM INSULATED PLIERS SIDE CUTTER

Reference : OE 0528

Item name PREMIUM INSULATED PLIERS SIDE CUTTER

Bar code 3700461407017

Introduction Insulated cutting pliers 1000V.

Text This plier is specifically designed for use on hybrid and/or electric vehicles. In order to guarantee an optimal comfort of use, the insulation around the plier is as thin as possible while guaranteeing a good grip and a good adhesion with gloves. The double layer of insulation in two different colors makes it possible to identify at a glance if the insulation (orange color) is damaged and therefore rendered unusable. This plier is electrically insulated, tested to 10000 V and approved to 1000 V AC.

Product highlight Safety: wear indicator
Lifetime warranty

Specifications Specifications:
- standard: NF EN 60900 / CEI 60900 / NF ISO 5743 / NF ISO 5744 / NF ISO 5745
