

## TORQUE WRENCH 3/8" D. 5-50Nm

Reference : OM 0780

<b>Item name</b>	TORQUE WRENCH 3/8" D. 5-50Nm
<b>Bar code</b>	3700461407307
<b>Text</b>	<p>Trigger wrench: 1 click and 1 a-stroke signal that the torque has been reached. Lever for switching direction. Button to unlock the socket. Dual adjustment system by vernier: fast approach and fine adjustment on 2nd orange screen. Torque adjustment by easy rotation of the handle. Locking button prevents any involuntary modification of the torque when using the wrench. Dual-material handle provides excellent grip even in a greasy environment. Handle and display materials resistant to chemicals found in the automotive and aeronautical industries. Corrosion protection and easy to keep clean power steering shaft. Identification number engraved on wrench and specified on calibration certificate.</p>
<b>Product highlight</b>	Delivered with calibration certificate
