

## EXHAUST GAS ON ROLL 15m Ø150mm

Reference : AG 0016

Item name	EXHAUST GAS ON ROLL 15m Ø150mm
Bar code	3701555301051
Introduction	Specially designed for exhaust gas suction for LV workshops.
Text	<ul> <li>This mechanical spring reel complete with exhaust blower can be installed on the ceiling or wall, always maintaining the same performance. The equipment allows you to work in a healthy environment without inhalation of exhaust gases and in compliance with work safety standards.</li> <li>Hose: anti-crushing structure, maintains flexibility over time thanks to the robust nylon spiral with a very tight pitch. This feature prevents the hose from stretching during pulling and from collapsing in high stress situations. Its smooth design on the inside guarantees maximum suction efficiency in m3.</li> <li>Directly coupled electric motor, statically and dynamically balanced impeller to limit friction, vibration and reduce energy consumption. Inlet and outlet flanges are sized for optimum suction capacity. Support feet for wall or ceiling mounting are included.</li> </ul>
Specifications	<ul> <li>Specifications:</li> <li>galvanized steel structure</li> <li>epoxy paint (grey RAL 7040)</li> <li>15m of pipe Ø150mm (-40° to +200°) in high temperature EPDM vulcanized fabric on both sides</li> <li>delivery: Ø160mm</li> <li>power supply: 400V Tri</li> <li>engine power: 1.0hp, 0.75KW, 50HZ, 1.7A</li> </ul>

	<ul> <li>max flow: 1000m3/h</li> <li>noise level: 68dB</li> <li>thermal protection switch</li> <li>reel equipped with a ratchet, an end stop with anti-skid system</li> <li>exhaust nozzle equipped with an anti-intrusion grid, a vice grip, a gas suction shutter and an access for the opacimeter probe</li> <li>weight: 73kg</li> </ul>
	Many options available, please contact us.
Warranty period	2 years
Vehicle type	LV
Decibel level	68.00 dB
Voltage	240V
Product weight (kg)	73.00 kg
Diameter (mm)	150.00 mm
Air flow rate	1000
Tariff code	Tariff Equipment (TE)
Type of gas extraction system	Fixed
DPF compatible	NO
Hose length (m)	12m
Hose diameter (mm) 150mm	
Max. hose	200°C

temperature (°C)
