

UNIVERSAL TOP CUP

Reference : OP 2029

Item name UNIVERSAL TOP CUP

EAN code 3701555306605

Intro This cup will allow to compress the shock absorbers equipped with few coils or in the case where they are very close, not allowing to insert the upper jaw of the cabin.

Text Can be adapted to a wide range of applications since it is equipped with a rotating plate with holes and machining that makes it universal.
In case the damper has a small number of turns, this allows a precise adjustment and a perfect tensioning.
Assembly and disassembly operations are considerably simplified.

Product highlight Safety of intervention
