

## PENDULUM SUPPORT FOR GEARBOX

Reference : OH 0211

<b>Item name</b>	PENDULUM SUPPORT FOR GEARBOX
<b>Bar code</b>	3701555307688
<b>Text</b>	Support for false cylinders with pendular attachment for heavy loads. Specially designed for the coupling and uncoupling phase of gearboxes, thanks to its arm studied for engine compartments and narrow transmission tunnels it guarantees an optimal and precise handling of the object . Secured by hanging, the strap and the lifting chain allow you the greatest versatility in the fixing of the load. No more hot flashes when putting the transmission back in place, no more need to monopolize several operators, one person and in a secure way will be enough.
<b>Product highlight</b>	Handling, versatility, time saving, safety
<b>Specifications</b>	Specifications: <ul style="list-style-type: none"><li>- max useful load: 200kg</li><li>- cylinder head Ø: 25mm and 30mm</li><li>- total length: 710mm</li><li>- total width: 310mm</li></ul>
