

PENDULUM SUPPORT FOR GEARBOX

Reference : OH 0211

Item name	PENDULUM SUPPORT FOR GEARBOX
Bar code	3701555307688
Text	Support for false cylinders with pendular attachment for heavy loads. Specially designed for the coupling and uncoupling phase of gearboxes, thanks to its arm studied for engine compartments and narrow transmission tunnels it guarantees an optimal and precise handling of the object . Secured by hanging, the strap and the lifting chain allow you the greatest versatility in the fixing of the load. No more hot flashes when putting the transmission back in place, no more need to monopolize several operators, one person and in a secure way will be enough.
Product highlight	Handling, versatility, time saving, safety
