

## PHILLIPS INSULATED NO 4x75 SCREWDRIVER 1000V PREMIUM

Reference: OE 0778

Item name PHILLIPS INSULATED NO 4x75 SCREWDRIVER 1000V PREMIUM

**Bar code** 3701555308838

**Introduction** A time-saving screwdriver.

**Text** The screwdriver has a perfectly round handle end providing to the user an excellent grip

and working comfort. This end of the handle is also rotatable which facilitates the tightening approach: the rotating ball of the handle is held in the palm and the fingers

control the rotation.

Thanks to the cutting of the blade, there is no extra thickness of insulation on the upper

part of the blade to reach the screws housed in fine wells.

**Product highlight** Rotating handle end

**Specifications** Specifications:

- standard: EN 60900 / IEC 60900 / ISO2380-1 / ISO8764-1.

- blade: high performance hardened steel: chrome molybdenum.

- treatment: insulation sheath integral with the handle, directly injected on the blade.

- dimension: L.75mm
