

LIFTING TABLE 1200kg FOR EV BATTERY AND HEAVY ORGANS

Reference : OH 1201

Item name	LIFTING TABLE 1200kg FOR EV BATTERY AND HEAVY ORGANS
EAN code	3701555318424
Text	<p>This table is specially designed for the removal and re-installation of heavy components with a maximum load of 1T (electric vehicle battery and/or drive train). Versatile, it will be able to adapt to all your needs thanks to its many adjustments and its optional supports on request.</p> <p>A hydropneumatic control allows effortless, fast and precise height control. The descent is secured by the "dead man" function which requires 2 simultaneous actions of the operator. This function will be automatically stopped in case of problem concerning the operator. The platform is fully mobile in relation to its frame and has 96 M10x1.5 drilled and tapped points, which can be used to receive various accessories (available on request).</p>
Product highlight	Precision and maneuverability
