

SET OF TURBOCHARGER PRESSURE TAPS

Reference : AC 0819

Item name SET OF TURBOCHARGER PRESSURE TAPS

Bar code 3701555318523

Introduction Modern cars have to be driven to be able to read the actual turbo pressure!

Text

- Allows secure connection on modern vehicles
- Designed to be mounted in place of the MAP sensor while keeping the OEM sensor connected, thus preventing the car from going into limp mode
- Can be mounted before or after the air dozer (flap)
- Compatible with our AC 0800 digital multi-pressure tester, but also with any ordinary analog pressure gauge
- Compatible with our HU 0550 pump
- Can also be used to inject smoke from a smoke machine into the induction system to diagnose a leak. (AC 0411BL / AC 0410)
- Can be used with descaling machine
