

DIAGNOSTIC TOOL EURO 399 14"

Reference : ADTKTEURO399

Item name

DIAGNOSTIC TOOL EURO 399 14"

EAN code

3701555318868

Intro

REMOTE VL/VUL range:14" professional diagnostic tool with AI

BIGGER, SMARTER, MORE POWERFUL

Product available for sale in France only.

Text

THINKTOOL Euro 399 is the flagship device of the 2024-2025 catalog. Diagnostic support for gasoline, diesel and electric vehicles, the device integrates the world's first deeply customized TCOS system based on AI-assisted diagnostic models. With an all-new industrial design. It supports dual RTC diagnostics, dual VCI display and THINKCAR AI diagnostics. Its ultra-clear, high-brightness 14-inch 2.5K IPS display makes diagnostics smarter and more powerful.

The device is equipped with a high-performance 8-core processor, 8GB RAM + 256Go memory.

A 20MP rear camera and 8MP front camera complete the package.

Combined with the THINKLINK PRO, featuring a high-brightness 6.54" IPS touchscreen, 1GB RAM + 8GB memory, it supports CAN 2.0, CAN FD and DOIP, as well as the main diagnostic protocols such as J2534 and RP1210, covering passenger cars, commercial vehicles and new energy vehicles.

The pioneering RTC dual diagnostics function, which supports the connection of a second VCI to diagnose two vehicles simultaneously, improving work efficiency.

The new industrial design is lightweight, robust and durable, with a thickness of just 8.15 mm at its thinnest point.

VCI display function, which synchronizes key VCI data with the main unit in real time, enabling convenient monitoring of VCI operating status.

Dual remote diagnostics, supporting both audio and video remote diagnostics.
Full vehicle coverage, which supports over 98% of models on the market and includes additional functions: battery test, borescope, printer, oscilloscope, etc.

Unique THINKCAR IA diagnostic model, which provides smarter diagnostic experiences in navigation, intelligent reporting, FQA, DTC, and other common diagnostic functions, improving work efficiency.

A high-capacity 22,400mAh lithium polymer battery, with 30 days standby time. A fast-charging docking station with 45W fast-charging capacity is included as an accessory.

- 41 reset modules :

AdBlue reset; Adaptive front lighting system reset; Airbag reset; Air/fuel ratio reset; ABS purge; Battery adaptation; Gearbox reset; Brake pad reset; Coolant purge ; DPF regeneration; EGR adaptation; Electronic throttle adaptation; Gearbox learning; Software IMMO service; Injector coding; Language change; NOx sensor reset; ODO meter reset; Service light reset; Steering angle reset; Seat occupancy calibration; Stop/Start reset; Sunroof initialization; Suspension adjustment; TPMS reset; Transport mode; Tire reset; Window calibration; AC system reset/initialization; Engine power balance check; Particulate filter regeneration; High-voltage battery diagnostics; Intelligent cruise control; Engine angle calibration; Software + hardware IMMO service; Clutch reset; ECU reset; FRM reset.

Product highlight 2 years of free updates

Specifications Specifications:
- operating system: Android 13
- display: 14"
- CPU: 2.2Ghz / 8 cores
- storage: 256GB
- memory: 8GB
- battery: 22400mAh
- rear camera: 20M
- front camera: 8M
