

ETHANOL E85 TESTER

Reference : AC 0820

Item name ETHANOL E85 TESTER

Bar code 3701555322636

Introduction Check the percentage of ethanol in the fuel system quickly and safely.

Text Because of the huge price difference between E85 and regular gasoline, vehicle owners tend to fill up with E85 in unsuitable vehicles, resulting in :

- engine combustion malfunctions
- engine knocking
- ignition of the engine light on the dashboard
- up to impossible engine starting

The fault codes read by the diagnostic unit do not refer to the vehicle's actual malfunction, and lead to the replacement of non-defective and often costly parts.

This kit includes OEM adapters for connection to the vehicle, simply connect the unit with the appropriate adapter and let the engine idle for a few seconds.

Product highlight Test without fuel extraction

Warranty period 2 years

Tariff code Tariff Normal (TN)

Warranty Procedure EASY
