

## PORTABLE THERMOMETER/HYGROMETER

Reference : AC 4221

**Item name** PORTABLE THERMOMETER/HYGROMETER

**Bar code** 3700461410796

**Introduction** This device is an accurate thermo-hygrometer allowing relative air humidity and the surrounding temperature to be measured. Its energy consumption is low, and it is endowed with a safe functioning, data-hold function, spare-part, maximum and minimum memory, reset of maximal/minimal temperature... and has several other functions. This parameter is vitally important in the field of meteorology, air-conditioning, many industries and leisure activities, as well as for the drying of the painting or any chemicals which can differ according to air humidity rate.

**Specifications** Specifications:  
- LCD screen  
- measurement range:  
Temperature: 0°C/+50°C (32°F/122°F)  
Relative air humidity: 0%/100%  
- sampling fraction: 1 time/second  
- response time:  
Measurement of the relative air humidity: approximately 4 seconds  
Temperature measurement: 5/30 seconds  
- battery: 4x1.5V, AA or equivalent  
- working Temperature Range: 0°C/+50°C  
- data-Hold Temperature Range: -10°C/+60°C  
- low Battery Indicator on the screen

**Warranty period** 2 years  
**More** Powered by battery  
**Length (mm)** 230.00 mm  
**Width** 84.00 mm  
**Height** 43.00 mm  
**Tariff code** Tariff Normal (TN)

**Warranty Procedure** EASY
