

AIR CONDITIONING WASHING KIT

Reference : AC 1023

| | |
|---------------------------|--|
| Item name | AIR CONDITIONING WASHING KIT |
| EAN code | 3700461494819 |
| Intro | An economical way to remove contaminants and limescale from air conditioning system components. |
| Text | <p>The process thoroughly cleans the circuit by removing oil, contaminants, refrigerant residues and moisture from the circuit.</p> <p>Essential intervention, when replacing a component of the circuit or simply opening the circuit, to quickly and efficiently remove refrigerant oil and debris when replacing a component (e.g. compressor).</p> <p>Easy to use: simply fill the decontamination solution cartridge, pressurize with the nitrogen cartridge and purge each component.</p> <p>The cleaning solution is a highly evaporating product, so there is no risk of leaving moisture in the circuit.</p> <p>The drying of the circuit is done naturally with the hydrogenated nitrogen gas used.</p> <p>2 washes with 500ml will be possible.</p> |
| Warranty period | 2 years |
